

CITY CLUB CHEERFUL.

Success Attends Its Anti-Tammany Organization.

Encouraged by the Attitude of the Union League Club.

But Say the Republican Party Needs Considerable Weeding Out.

The City Club is making an active canvass among citizens who are opposed to machine rule and methods for the purpose of enlisting their aid in the formation of an independent political organization.

The sentiment of the men who have been seen in favor of the movement, but opinions differ on the form the movement should take.

Most of the anti-machine leaders are distrustful of the Republican party in this city as at present organized. They regard it as an auxiliary machine of Tammany Hall, and look with disfavour on the proposition to form a combination with it.

They are much encouraged, however, by the action of the Union League Club last night. The Club passed resolutions calling upon friends of good municipal government, irrespective of party, to organize against Tammany Hall.

The anti-machine Democrats are perfectly willing to make an alliance with the Union League Club, but it is well known that the Union League Club, although the leading Republican club, does not represent and is not authorized to speak for the Republican machine. The Republicans must first get rid of Patterson, John Simpson and other cohorts, the anti-machine Democrats say, before they will form any connection with the Republican organization of the city.

It is not their object to organize a machine like Tammany Hall under another name, but a genuine anti-machine movement.

A conference will probably be held soon, and at the proposed meeting the plan and scope of the independent movement will be mapped out.

If the anti-Tammany factions can be united, and the Republicans can be depended upon to keep faith, that plan will be adopted.

Another proposition is to organize an independent Democratic movement. A Democratic organization, it is believed, would attract the best element from Tammany Hall who are dissatisfied with boss domination and who are only waiting for a chance to break away from Tammany Hall.

The formation of another Democratic organization would give them the opportunity they are looking for. It is not thought probable that a bill providing for separate municipal elections could become a law if passed by the Legislature this winter, as it is believed Gov. Flower would be prevailed upon by the machine leaders to veto it.

Separate municipal elections would be the best anti-machine remedy, so the advocates of better municipal government say.

If State and National issues were divorced from local politics, the same authorities declare, it would be easier to combine the factions on local issues, and the overthrow of Tammany Hall would be certain.

If a law for separate municipal elections cannot be secured this year some of the promoters of the independent movement favor the next thing to it, a union of the anti-Tammany factions of both parties to fight the Wigwag forces next year.

FIFTY INDIANS SACK A TOWN.

Palomas, Mexico, Raided by a Tomichi Band.

Stores and Custom-House Riddled—Two Killed.

(By Associated Press.)
DEMING, N. M., Nov. 10.—Frank Siebold, merchant of Palomas, Mexico, four miles below the border, arrived here yesterday with news that fifty Tomichi Indians had sacked that town.

They are one of the scattering bands of Indians who survived the horrible massacre in the engagement with Diaz's soldiers last May, and have since been roaming in the mountains. In the raid on Palomas yesterday they fired on the thirteen custom-house guards and killed one of them. Then they rifled the custom-house, carrying away twenty-five carbines and pistols, 800 rounds of ammunition and \$500 in money.

They took provisions and other supplies from the stores. One of the marauding band was killed in an engagement. After the raid they coolly camped in the town until prepared to leave, and distributed printed circulars, crying "Down with Diaz; Viva la Republica." The main government has ordered out troops.

REPORTED FIGHT WITH NAVAJOES.
Four Braves Said to Have Been Killed by Settlers.

(By Associated Press.)
DURANGO, Col., Nov. 10.—Word was received here last night indicating there had been trouble between the Navajos and the settlers at Haver. A special from Cortez states that four Navajos were killed in a battle with the settlers. Sheriff Todd left for the scene with a large posse yesterday to persuade the Navajos to return to the reservation. Since the troops were removed along the San Juan River the Indians have been bold.

Kickapoo Opening to Be Delayed.
(By Associated Press.)
TACOMA, Wash., Nov. 10.—Trouble between Agents Kells of the Puget Sound Indian reservation and citizens Indians has broken out afresh. The Indians say he directed the reservation prospector to build a paragon upon their graves. The prospector notified Kells that if the building was not removed the Indians would demolish it. They will wait until Saturday before taking action.

Puyallup Indians Threaten Trouble.
(By Associated Press.)
WASHINGTON, Nov. 10.—The News says that it is believed that the Secretary of the Interior intends to open the opening of the Kickapoo lands to settlement until the Kiowa, Apache and Wichita reservations are opened. This plan was proposed by Gov. Brewster of Oklahoma.

Two Things ABOUT Catarrh in the Head
First—it is a constitutional disease. Prof. Gross, a leading scientist, says: "Catarrh is a constitutional disease which manifests itself by local symptoms." Dr. DuRoi says: "Catarrh is not a disease of the man, but a disease of the man's system. There are no local symptoms and other local symptoms are merely local." Second—it is a constitutional remedy, like Hood's Sarsaparilla, which reaches and cures Catarrh by purifying the blood and building up the system, so as to throw off the disease. Thousands who formerly suffered from Catarrh agree that

WILL NOT RECOGNIZE MELLO.

Secretary Gresham's Answer to the Rebel Leader's Request.

WASHINGTON, Nov. 10.—Secretary Gresham has received a despatch from Minister Thompson, at Rio de Janeiro, stating that he had received a circular from Admiral Mello, the insurgent leader, asking that the United States recognize his rights as a belligerent. Minister Thompson asked for instructions.

After a conference between Secretary Gresham and the President, Mr. Mello was instructed to say to Admiral Mello that in the opinion of this Government he had not been able to establish either a political or military organization, which entitled him to the recognition he asked, and that it would not be granted.

Secretary Gresham added that the position of the United States in the present controversy was that of an impartial observer.

NEARLY DROWNED BY A GANG.

Boatman Doherty Thrown Into the North River by Hoodlums.

The West First street police are to-day looking for the young hoodlums who last night nearly drowned Dorian Doherty, an old man employed as a boatman on a scow belonging to the Dock Department, lying at the foot of Fifty-fifth street and North River.

While in the boat last night Doherty was thrown overboard by a gang that was nightly worried him by invading his boat. As soon as Doherty struck the water the hoodlums took to their heels.

Doherty, unable to swim, was drowning when Capt. Isaac Larrance, of the canal-boat H. S. Fox, heard the old man give a faint cry for help. He jumped into the river and rescued Doherty with considerable difficulty.

A Boatman Injured.

The boat was lying at the foot of Forty-eighth street and North River, and was being pushed up the river by a tugboat. The tugboat struck the boat, and it was crushed between the two boats. The boatman, Richard, was injured.
